### **CONVENTIONAL WET GRINDER**

### **CONVENTIONAL WET GRINDER WITH LIFTING**

Utsav Conventional model commercial wet grinder is a giant performer for hotel, canteen and other catering needs. It can Grate the coconuts with an optional attachments provided along with the commercial wet grinder. It's made up of stainless steel body, heavy duty motor and mild steel bed with handle for comfortable handling. It's also available with Roller stone lifting attachment for higher capacity model. It helps the user to remove the batter easily from the machine and also to clean them.
